It was written in response to God rescuing the nation of Israel from 400 years of Egyptian captivity. God remembered His covenant with Abram, Isaac and Jacob. He heard the cries of His people. God set a plan in place to free the nation of Israel. They nation of Israel witnessed God's power as demonstrated through the plagues and the Passover. Pharaoh finally gave the nation its freedom and they exited Egypt. After a short time Pharaoh changed his mind and decided not to let the nation of Israel go free. He had the nation cornered at the Red Sea. That is when God once again demonstrated His power and parted the Red Sea. The nation of Israel crossed to freedom on dry land. When Pharaoh's army chased after them, God released the waters of the Red sea and Pharaoh's entire army drowned.
